Safety Data Sheet

| | 22.03.00 | Date of printing: 16.03.01 Page 1 o | of | | | | | | |
|--|--|---|-------------------|--|--|--|--|--|--|
| 1. | Name of substance | e/preparation and company | | | | | | | |
| | 1.1 Commercial product: | Glucose Oxidase, rec., Iyo. | | | | | | | |
| | CatNo.: | 2208121 | | | | | | | |
| | 1.2 Company: | Roche Diagnostics GmbH | | | | | | | |
| | | Sandhoferstr. 116 | | | | | | | |
| D-68305 Mannheim Tel. ++49-621-7590 | | | | | | | | | |
| | | I el. ++49-621-7590 Information obtainable from: ++49-621-759-2763 or ++49-621-759-4848 | ++49-621-759-4848 | | | | | | |
| | 1.3 In Emergencies: | Central Works Security Roche Diagnostics GmbH ++49-621-759-2211 | | | | | | | |
| | | Centre for Detoxification: Mainz ++49-6131-232466-232467 München ++49-89-19240 | | | | | | | |
| | | | | | | | | | |
| 2. | Composition/Inform | mation on constituents | | | | | | | |
| | CAS-No.: | 0009001-37-0 | | | | | | | |
| | Molecular formula: | | | | | | | | |
| | Molecular weight: | | | | | | | | |
| | Notes: | Is to be classified according to EEC directive 67/548 and 88/379 as hazardous. | | | | | | | |
| | Classification: | Harmful | | | | | | | |
| 3. | Hazards identification | | | | | | | | |
| | Warnings: | 20/22 Harmful by inhalation and if swallowed | | | | | | | |
| | 0 | 42/43 May cause sensitization by inhalation and skin contact | | | | | | | |
| | | Substance slightly hazardous to water and ground water | | | | | | | |
| | Notes: | Substance slightly hazardous to water and ground water | | | | | | | |
| 4. | Notes: First aid measures | | | | | | | | |
| 4. | | | | | | | | | |
| 4. | First aid measures | Eye contact: Wash eyes with water for at least 15 minutes. Skin contact: Wash off with water. | | | | | | | |
| 4. | First aid measures | Eye contact: Wash eyes with water for at least 15 minutes. Skin contact: Wash off with water. Ingestion: Seek medical advice. | | | | | | | |
| 4. | First aid measures | Eye contact: Wash eyes with water for at least 15 minutes. Skin contact: Wash off with water. Ingestion: Seek medical advice. Inhalation: Remove victim to fresh air, if malaise develops | | | | | | | |
| 4. | First aid measures | Eye contact: Wash eyes with water for at least 15 minutes. Skin contact: Wash off with water. Ingestion: Seek medical advice. Inhalation: Remove victim to fresh air, if malaise develops go to a physician. | | | | | | | |
| 4. | First aid measures | Eye contact: Wash eyes with water for at least 15 minutes. Skin contact: Wash off with water. Ingestion: Seek medical advice. Inhalation: Remove victim to fresh air, if malaise develops | | | | | | | |
| | First aid measures First aid: Instructions for | Eye contact: Wash eyes with water for at least 15 minutes. Skin contact: Wash off with water. Ingestion: Seek medical advice. Inhalation: Remove victim to fresh air, if malaise develops go to a physician. Symptomatic treatment by a physician. | | | | | | | |
| | First aid measures First aid: Instructions for physician: | Eye contact: Wash eyes with water for at least 15 minutes. Skin contact: Wash off with water. Ingestion: Seek medical advice. Inhalation: Remove victim to fresh air, if malaise develops go to a physician. Symptomatic treatment by a physician. | | | | | | | |
| | First aid measures First aid: Instructions for physician: Fire-fighting measu Extinguishing media: Thermal | Eye contact: Wash eyes with water for at least 15 minutes. Skin contact: Wash off with water. Ingestion: Seek medical advice. Inhalation: Remove victim to fresh air, if malaise develops go to a physician. Symptomatic treatment by a physician. | | | | | | | |
| | First aid measures First aid: Instructions for physician: Fire-fighting measu Extinguishing media: | Eye contact: Wash eyes with water for at least 15 minutes. Skin contact: Wash off with water. Ingestion: Seek medical advice. Inhalation: Remove victim to fresh air, if malaise develops go to a physician. Symptomatic treatment by a physician. | | | | | | | |
| 5. | First aid measures First aid: Instructions for physician: Fire-fighting measu Extinguishing media: Thermal | Eye contact: Wash eyes with water for at least 15 minutes. Skin contact: Wash off with water. Ingestion: Seek medical advice. Inhalation: Remove victim to fresh air, if malaise develops go to a physician. Symptomatic treatment by a physician. UITES No restriction Dangerous decomposition is not anticipated. | | | | | | | |
| 5. | First aid measures First aid: Instructions for physician: Fire-fighting measu Extinguishing media: Thermal decomposition: | Eye contact: Wash eyes with water for at least 15 minutes. Skin contact: Wash off with water. Ingestion: Seek medical advice. Inhalation: Remove victim to fresh air, if malaise develops go to a physician. Symptomatic treatment by a physician. UITES No restriction Dangerous decomposition is not anticipated. | | | | | | | |
| 5. | First aid measures First aid: Instructions for physician: Fire-fighting measu Extinguishing media: Thermal decomposition: Accidental release | Eye contact: Wash eyes with water for at least 15 minutes. Skin contact: Wash off with water. Ingestion: Seek medical advice. Inhalation: Remove victim to fresh air, if malaise develops go to a physician. Symptomatic treatment by a physician. UITES No restriction Dangerous decomposition is not anticipated. Measures Sweep up spilled substance in dry condition, avoiding dust | | | | | | | |
| 5. | First aid measures First aid: Instructions for physician: Fire-fighting measu Extinguishing media: Thermal decomposition: Accidental release After spillage: | Eye contact: Wash eyes with water for at least 15 minutes. Skin contact: Wash off with water. Ingestion: Seek medical advice. Inhalation: Remove victim to fresh air, if malaise develops go to a physician. Symptomatic treatment by a physician. UITES No restriction Dangerous decomposition is not anticipated. Measures Sweep up spilled substance in dry condition, avoiding dust formation. | | | | | | | |
| 5. | First aid measures First aid: First aid: Instructions for physician: Fire-fighting measu Extinguishing media: Thermal decomposition: Accidental release After spillage: Absorbent material: | Eye contact: Wash eyes with water for at least 15 minutes. Skin contact: Wash off with water. Ingestion: Seek medical advice. Inhalation: Remove victim to fresh air, if malaise develops go to a physician. Symptomatic treatment by a physician. ures No restriction Dangerous decomposition is not anticipated. measures Sweep up spilled substance in dry condition, avoiding dust formation. Not necessary. Special measures to limit damage are not necessary. | | | | | | | |
| 5. | First aid measures First aid: Instructions for physician: Fire-fighting measures Extinguishing media: Thermal decomposition: Accidental release After spillage: Absorbent material: Damage limitation: | Eye contact: Wash eyes with water for at least 15 minutes. Skin contact: Wash off with water. Ingestion: Seek medical advice. Inhalation: Remove victim to fresh air, if malaise develops go to a physician. Symptomatic treatment by a physician. ures No restriction Dangerous decomposition is not anticipated. measures Sweep up spilled substance in dry condition, avoiding dust formation. Not necessary. Special measures to limit damage are not necessary. | | | | | | | |
| 5. | First aid measures First aid: First aid: Instructions for physician: Fire-fighting measu Extinguishing media: Thermal decomposition: Accidental release After spillage: Absorbent material: Damage limitation: Handling and stora | Eye contact: Wash eyes with water for at least 15 minutes. Skin contact: Wash off with water. Ingestion: Seek medical advice. Inhalation: Remove victim to fresh air, if malaise develops go to a physician. Symptomatic treatment by a physician. ures No restriction Dangerous decomposition is not anticipated. measures Sweep up spilled substance in dry condition, avoiding dust formation. Not necessary. Special measures to limit damage are not necessary. age | | | | | | | |
| 5. | First aid measures First aid: First aid: Instructions for physician: Fire-fighting measu Extinguishing media: Thermal decomposition: Accidental release After spillage: Absorbent material: Damage limitation: Handling and stora | Eye contact: Wash eyes with water for at least 15 minutes. Skin contact: Wash off with water. Ingestion: Seek medical advice. Inhalation: Remove victim to fresh air, if malaise develops go to a physician. Symptomatic treatment by a physician. ures No restriction Dangerous decomposition is not anticipated. measures Sweep up spilled substance in dry condition, avoiding dust formation. Not necessary. Special measures to limit damage are not necessary. age Combustible substance. | | | | | | | |

Safety Data Sheet

| | | Date of printing: 16.03.01 | Page 2 of |
|------|--|---|-----------|
| omm | nercial product: G | Glucose Oxidase, rec., Iyo. | |
| 8. E | Exposure controls/p | personal protection | |
| | TLV: | undefined | |
| | Respiratory protection: | Filter against harmful dust in case of contact with the substance | |
| | Eye protection: Hand protection: | prot.glasses protective gloves | |
| | Hygiene: | Wash hands before breaks and at the end of the work. | |
| 9. F | Physical and chemic | cal properties | |
| | Physical state: | solid | |
| | Colour: | yellowish brown | |
| | Odour: | odourless | |
| | pH: | 7,0(at 1 G/L H20) | |
| | Boiling point: | no data available | |
| | Melting point: Flash point: | no data available cannot be determined | |
| | | e any oxidizing properties | |
| | Ignition temperature: | no data available | |
| | Explosion limits: | no data available | |
| | Vapour pressure: | cannot be determined | |
| | Densitiy: Solubility in water: | no data available | |
| | | > 1 g/l (at 25 C) | |
| | in: | | (G/L) |
| | Viscosity: | cannot be determined | |
| | | | |
| 10. | Stability and reacti | vity | |
| 10. | Stability and reacti Hazardous Reactions: | vity None known when used appropriately. | |
| 10. | Hazardous Reactions: Hazardous decompositio | None known when used appropriately. | |
| 10. | Hazardous Reactions: | None known when used appropriately. | |
| | Hazardous Reactions: Hazardous decompositio | None known when used appropriately. on None | |
| | Hazardous Reactions: Hazardous decomposition products: Toxicological infor LD50 oral | None known when used appropriately. on None | |
| | Hazardous Reactions: Hazardous decomposition products: Toxicological infor LD50 oral LD50 intravenous | None known when used appropriately. on None mation not known 13 mg/kg (mouse) | |
| | Hazardous Reactions: Hazardous decomposition products: Toxicological infor LD50 oral LD50 intravenous LD50 skin | None known when used appropriately. on None mation not known 13 mg/kg (mouse) not known | |
| | Hazardous Reactions: Hazardous decomposition products: Toxicological infor LD50 oral LD50 intravenous | None known when used appropriately. on None mation not known 13 mg/kg (mouse) | |
| | Hazardous Reactions: Hazardous decomposition products: Toxicological infor LD50 oral LD50 oral LD50 skin LD50 skin LD50 inhal | None known when used appropriately. on None mation not known 13 mg/kg (mouse) not known | |
| 11. | Hazardous Reactions: Hazardous decomposition products: Toxicological infor LD50 oral LD50 oral LD50 skin LD50 skin LD50 inhal | None known when used appropriately. None mation not known 13 mg/kg (mouse) not known not known Substance may cause allergies | |
| 11. | Hazardous Reactions: Hazardous decomposition products: Toxicological infor LD50 oral LD50 intravenous LD50 skin LD50 inhal Toxicologic information: | None known when used appropriately. None mation not known 13 mg/kg (mouse) not known not known Substance may cause allergies | |
| 11. | Hazardous Reactions: Hazardous decomposition products: Toxicological infor LD50 oral LD50 intravenous LD50 skin LD50 inhal Toxicologic information: Ecological informa Hazards: | None known when used appropriately. None mation not known 13 mg/kg (mouse) not known not known Substance may cause allergies tion Substance slightly hazardous to water and ground water | |
| 11. | Hazardous Reactions: Hazardous decomposition products: Toxicological infor LD50 oral LD50 intravenous LD50 skin LD50 skin LD50 inhal Toxicologic information: Ecological informa | None known when used appropriately. None mation not known 13 mg/kg (mouse) not known not known Substance may cause allergies tion Substance slightly hazardous to water and ground water | |
| 11. | Hazardous Reactions: Hazardous decomposition products: Toxicological infor LD50 oral LD50 intravenous LD50 skin LD50 inhal Toxicologic information: Ecological informa Hazards: | None known when used appropriately. None mation not known 13 mg/kg (mouse) not known not known Substance may cause allergies tion Substance slightly hazardous to water and ground water | |
| 11. | Hazardous Reactions: Hazardous decomposition products: Toxicological infor LD50 oral LD50 intravenous LD50 skin LD50 inhal Toxicologic information: Ecological informa Hazards: Disposal considera | None known when used appropriately. None mation not known 13 mg/kg (mouse) not known not known Substance may cause allergies tion Substance slightly hazardous to water and ground water ations Can be sent to an incineration plant in accordance with | |
